

# Senior Field Technician/ICC Inspector

**Company Overview:** CGi Technical Services, Inc. is a leading geotechnical engineering and construction materials testing firm based in Redding, CA. We specialize in providing high-quality services for a diverse range of projects, from infrastructure development to building construction. As our company continues to grow, we are seeking qualified Senior Field Technician/ICC Inspectors to join our team.

**Position Overview:** We are looking for skilled and experienced individuals who possess ICC certifications and have a strong background in geotechnical engineering and construction materials testing. The successful candidate will play a crucial role in performing field inspections, conducting laboratory tests, and providing technical expertise on a variety of projects.

## Minimum Requirements:

- ICC certifications required; ability to obtain Caltrans certifications within a reasonable timeframe.
- Strong knowledge of general engineering construction methodology, asphalt concrete paving operations, and general building construction.
- Ability to perform, review, and analyze laboratory and field tests/data to interpret test results accurately.

## Benefits:

- Competitive wage commensurate with experience.
- Paid vacation, sick leave and holidays.
- Simple IRA with employer match.
- Employer-paid health, dental, and vision insurance.
- Opportunities for increasing responsibility in a wide variety of interesting projects.

**Additional Information:** The successful candidates will have the opportunity to expand their skills and certifications through company-provided training and mentoring. This position offers the chance to be part of a highly successful, fast-paced company with a steady and growing project list. CGi is an Equal Opportunity Employer and offers excellent benefits to our full-time employees. Join our team at CGi Technical Services, Inc. and be part of our commitment to excellence in geotechnical engineering and construction materials testing. Apply today!

**Wage Range:** \$20.00/hr - \$82.03/hr (hourly wages are based on experience and project type)

**Note:** All applicants must pass a pre-employment drug test upon hire.

**How to Apply:** To apply for this position, please submit your completed application along with your resume to [sales@currygroup.com](mailto:sales@currygroup.com).
